Project Extension

We have received authorization to extend the term of the Flood Assistance 1997 Project through June 30, 1998, from the Department of Labor (DOL). The Job Training Partnership Division will process unilateral subgrant modifications to extend the project term accordingly for those SDA project operators which have requested extensions. Extensions not previously requested will be granted upon written request. Bilateral modifications to extend the term will be executed for non-SDA project operators.

Project plans must be modified to reflect the extension. These project plan modifications should be submitted by February 16, 1998.

Reporting Change

The DOL has also authorized monthly versus semi-monthly reporting beginning January 1998. The prior mid-month report requirement is rescinded. The Monthly Supplemental Estimate Report (MSER) due dates for January through June 1998 are as follows:

<u>Report Month</u>	<u>Due Date</u>
January	February 3, 1998
February	March 4, 1998
March	April 3, 1998
April	May 3, 1998
